family-building journey support

Building a family is not a one size fits all approach. We take a thorough and thoughtful look at each individual to ensure they understand their options and can make educated and informed decisions to meet their family-building goals.

our services

- Preconception
- Male fertility
- Female fertility
- Adoption
- Third party (donor/surrogacy)
- LGBTQ+ pathways

Adoption, donor, surrogacy

Our third-party & adoption offering is key to us being an inclusive family-building provider. At Kindbody, we realize one hundred percent (100%) of same-sex couples & single parents require a third party or adoption to create their family.

- Network of reproductive attorneys
- Vetted agencies
- Mental health counseling
- Recommendations to additional financial assistance
- Individualized support

Male & female fertility

Kindbody is the only family-building solution that is in the provision of care. With the guidance of board-certified physicians, our members understand their options and receive clinically relevant treatment plans.

- LGBTQ+ pathways
- Preconception consultations
- Fertility assessments
- Semen analysis
- In vitro fertilization
- Intrauterine insemination
- Egg and sperm freezing
- Embryo banking
